

BELLEVUE

Thrilling and eerie, BELLEVUE is a mystery set in a small blue-collar town with a lot of 'good people' who 'live right' and take it upon themselves to make sure the neighbors do too. Driving the series is Detective Annie Ryder (Anna Paquin), a cop whose intense and brazen personality has always been at odds with her hometown. When a bullied teen goes missing, Annie dives in to unravel the disappearance that suggests foul play, despite finding herself in a difficult position as she must cast suspicion on people she has known all her life. As the case pulls her further away from her family, she is also confronted by a mysterious person from her past with disturbing answers and a terrifying need to get inside her head. Allen Leech stars as Annie's on-again, off-again ex, Eddie, while Shawn Doyle takes on the role of Annie's superior, Police Chief Peter Welland.
