**Elevator pitch:**

Family oriented drama, Fantastic timslip adventure!

Can Shim's family be happy again if they go back 10 years? Here's another this the "Dad" has to do. He goes on a time travel to save his wife so that their family can be together and smile again. But the more time travels go on, the more unexpected things happen...

**Full synopsis:**

An economics professor, SHIM Jeong, happens to travel in time with his daughter to the future. But his wife was left behind in the fatal car accident. SHIM gets to know he could travel in time and stay there for 60 minutes only if he has a companion. He helps people who want time-travel and find out what it really matters in the life and ultimately his wife!
