In today's world that judges and criticizes you so quickly, a romantic relationship between Liu, a girl who's had plastic surgery, and Guy who was born with a perfect face, is bound to have problems. But whose problems are they really?

Synopsis : Ugly Liu gets her face done in hopes that she can find love, but she doesn't dare to get with Guy, the handsome face in her major, because she believes the born-beautiful Faye is more suitable for him than her. Liu and Guy get stuck in a friendzone while Guy wonders why Saint, a senior in another major, is not in the brother-and-sister zone.
