# CHERRY MAGIC

**Legend has it that if you're still a virgin at 30,  
you have a superpower.**

**Who would have thought that it could be true?**

**Synopsis :** From the popular Japanese Boys' Love manga that sold more than 2 million copies to a heart-swooning Thai series. This is the story of Achi, a 30-year-old ordinary company employee with no self-confidence nor anyone to notice him. He finds out he has the superpower of hearing people's thoughts just by touching them. This power makes him aware that the handsome Karan from the sales team has a crush on him, to the point that the guy is obsessed. Magic makes the two of them closer. Achi then overcomes his insecurities and dares to give love a chance.
