OVERVIEW

Season 2 + special episode coming soon!
Too much honesty has its drawbacks

Nagase Saichi will lie, lie, and lie through his teeth to close a deal. That's how it is in real estate, and how Nagase stays at number one in sales at Tosaka Real Estate. But one day, he breaks a small shrine at a new construction site and incurs the wrath of the gods... He can no longer lie! Now honest beyond help, Nagase infuriates clients by saying things he shouldn't, ruining near-done deals one after another. Can this honest real estate agent stay alive in a cutthroat industry? A satirical comedy about the underbelly of the real estate business, and the human drama that revolves around the buying and selling of homes.

Based on a popular comic series, starring Yamashita Tomohisa.
